

4+1 Masters Degree

INFORMATIONAL MATRIX

The Frost School offers a 5-Year Dual Degree that combines the Bachelor of Music degree in Instrumental Performance (classical) with the Master of Arts degree in Live Entertainment Management. Through this program, students complete both degrees within five years. All degree requirements must be fulfilled before either degree can be granted. The full curriculum for the 5-Year Dual Degree can be found in the [**Academic Bulletin**](#).

Additional combinations of undergraduate degrees and master's degrees are also available as 4+1 degree programs. These programs also offer an accelerated path to the master's degree and have more flexibility than the 5-Year Dual Degree. Details on both kinds of degree programs are available on the Frost School of Music Graduate Admissions page, found [**here**](#). The combinations listed below are potential options, depending on a review of the student's prior experience relevant to the master's degree, course history, etc. Students should carefully explore these options with their academic advisors.
